Health Care for All Ag

SERVING THE
UNDERSERVED
Since 1983

OUR HISTORY

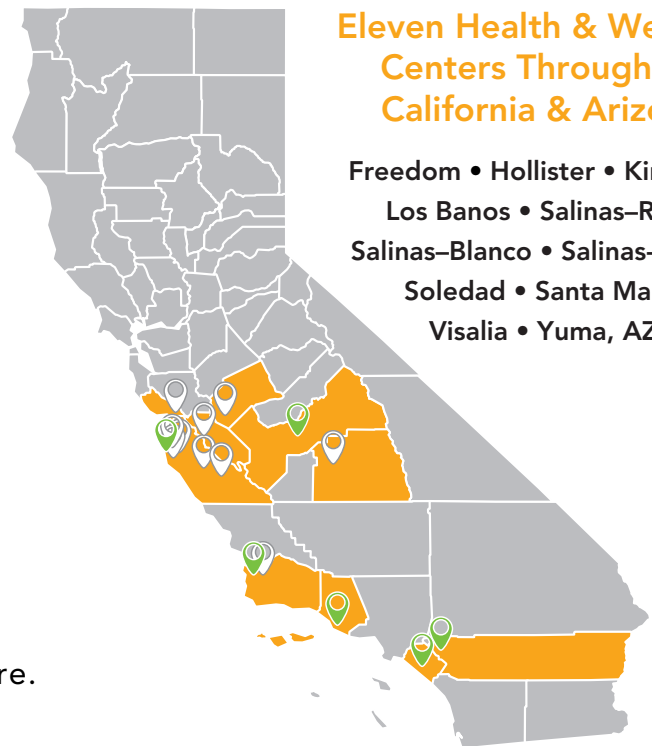

In 1983, the members of UnitedAg intuitively knew they needed a unique health plan to meet the needs of the agricultural workforce within the state – they sought a health plan that would operate on a non-profit basis, offer a diversity of plan designs and offer customer service designed to accommodate the needs of the ag employees. These employers created UnitedAg Benefit Trust (an ERISA multiple employer welfare arrangement) that grew from 6 small farms to more than **1,000 member companies** and **providing access to healthcare to over 50,000 members**. Today, UnitedAg (UABT) has grown to over **\$185 million in annual contributions**.

OUR MISSION

To bring innovative health benefit solutions to agribusiness by meeting our members' employee benefits needs, advocating for ag with lawmakers, and helping them comply with regulations.

OUR VISION

Committed to providing the best, most affordable, innovative, healthcare for agriculture.

Eleven Health & Wellness
Centers Throughout
California & Arizona
