Costco Health Solutions Copay Assistance Program

What are Manufacturer Copay Assistance Programs?

- ✓ Also referred to as “copay card”, “copay coupon”, or “copay assistance”
- ✓ Copay Assistance Programs are funded directly by the manufacturer to cover patient out-of-pocket costs for commercially insured patients
- ✓ CHS program captures available copay assistance and tracks manufacturer contributions
- ✓ Simple enrollment process and available at no additional costs

You could get HUMIRA for as little as \$5.*

Whether you're first starting HUMIRA or have been taking it for some time, you may be wondering, "How can I reduce my out-of-pocket cost?"

For eligible patients, the HUMIRA Complete Savings Card may help you get HUMIRA for as little as \$5 a month, every month.*

If your pharmacy is unable to process your HUMIRA Complete Savings Card for instant savings, you may still be able to get HUMIRA for as little as \$5 a month by receiving a rebate for the amount you paid out of pocket for your prescription. Simply call **1.800.4HUMIRA** (1.800.448.6472) and speak to one of our Insurance Specialists to see if this option is right for you.

Savings apply whether you take HUMIRA alone or, for rheumatology patients, HUMIRA plus one of the following medications: methotrexate, leflunomide (Arava[®]), or hydroxychloroquine (Plaquenil[®]). Please call **1.800.4HUMIRA** (1.800.448.6472) for details.

FAQ

How would a member know if they were on a specialty medication?

- The CHS claims processing system is programmed to provide detailed information at the point of sale (the pharmacy). The messaging directs them to Costco Specialty and provides the contact phone number. Once contacted, the Costco Specialty Pharmacy will take care of the rest!

Contact Costco Specialty Services at 866-443-0060

Monday- Friday: 6am to 7pm (PST)

Saturday: 6am to 4:30pm (PST)

- On the CHS member portal at https://costcohealthsolutions.com/pages/Member_Login.aspx
- Contact Costco Health Solutions Customer Care at 877-908-6024
- Contact UnitedAg Service Team at 800-223-4590

Why do specialty medications included in this program have to be filled at the Costco Specialty Pharmacy?

This is how we ensure the best possible care for our members. Patients on specialty medications have unique needs that are best managed by specialty pharmacy clinicians who have advanced training to support complicated care plans. Additionally, the specialty pharmacy staff have extensive experience supporting patients with enrollment in programs and providing a consistent experience.

FAQ continued

Is it mandatory for patients to enroll in the coupon program?

The UnitedAg benefit is designed such that it is a requirement to participate. The Costco Specialty team will assist members through the enrollment process to ensure consistency of the program.

What is a member expected to pay if a coupon is not available or the coupon value has been exhausted?

If a coupon is not available or depleted, the member is responsible for the applicable copay as determined by the benefit plan they selected. Patients enrolled in High Deductible Plans (HDHP) or those with a deductible should plan for and be prepared to satisfy the out-of-pocket expectations for the coverage chosen.

Thank You!
