

THE BEST LEADERS ARE CONSTANT LEARNERS

APPLY FOR THE 2024 SECOND-YEAR WOMENAG LEADERSHIP ACADEMY

Leadership is an ongoing learning process. To lead others, one has to first lead oneself. As a leader, it is important to understand that you must always work on improving your skills. With that in mind, we are proud to support your ongoing leadership journey by launching an advanced second-year academy.

This newly curated framework based on *The Artist Way*, a course by Julia Cameron and led by Kirti Mutatkar, will combine in-person sessions with virtual courses.

Invest in your future, apply for the 2024 Academy this fall, and let us continue to support your leadership journey and transformation.
